

Wickham skeith gardening club

(Founded 2012)

Our very own Garden Club was started with one aspect and that was to get people together to socialise and enjoy every bodies favourite topic ----- Gardening. We have over 30 members who meet at the village hall every 4th Tuesday in the month at 7.30. We have guest speakers coming to chat to us about all things related to the garden. In the summer months we go off and visit other gardens which are open to the public. To help we share a car pool so that those who cannot drive get taken, we find it that it help those of an age where they find it difficult to get about. We organise coach trips to major venues this June we are off to the NEC. With the generous offer from the Parrish Council we also have a plant stall with various plants for sale outside the hall. We also have buying power to save money of seeds etc. Do come along and meet a happy bunch of green fingered so called experts you will enjoy it.

Interested then ring in the first instance to Baz 01449 767037
